Stop Points (Identified points in the task where the work is to stop for the completion of activities, checks of control effectiveness, inspections or tests)		
Work Task Stop Points (if any) Any need to stop during the task, where identified by the supervisor OR work Group	Identified Stop Points	What is to Occur
	New workers to the area	Stop and Review Hazards
	Weather Changes	Stop and Review Hazards, Report to supervisor of change, before returning to work.
	Isolation Change	Stop and Review Hazards, Report to supervisor of change, before returning to work.
	User to Note any Additional Stop Points	What is to Occur

We have reviewed the task/work area and have identified any additional HAZARDS and implemented CONTROLS to reduce the risk to a level as low as reasonably achievable.

We have considered the skills and experience of the PEOPLE involved, the suitability of the EQUIPMENT to be used, and the workplace ENVIRONMENT and have determined that risk is at an acceptable level.
